## ■ LM: left main

- **LAD:** left anterior descending artery  
D1: diagonal 1  
D2: diagonal 2
- **LCX:** circumflex artery  
OM1: obtuse marginal 1  
OM2: obtuse marginal 2  
L-PDA: PDA from LCX  
PLB: posterolateral branch; L-PLB: PLB from LCX.

## ■ RCA: right coronary artery;

- PDA: posterior descending artery
- R-PDA: PDA from RCA
- PLB: posterolateral branch; R-PLB: PLB from RCA; L-PLB: PLB from LCX.
- Dashed lines represent the division between LM, LAD and LCX as well as the proximal, mid and distal segments of LAD, LCX and RCA.
