

Basilar Artery

- Pica and Sup Cerebellar artery supply Most of cerebellum
- Aica very Little

Axial graphic shows posterior fossa vascular territories. Blue = pontine perforating arteries. Green = SCA. Yellow = AICA. Red = PICA. Purple = medullary perforating arteries.

Axial graphic shows posterior fossa vascular territories. Blue = pontine perforating arteries. Green = SCA. Yellow = AICA. Red = PICA. Purple = medullary perforating arteries.

Sagittal

Coronal

3D

Territory of anterior choroidal artery (AchA)

Territory of middle cerebral artery (cortical branches of M...)

Territory of superior cerebellar artery (SCA)

Cortical vascular watershed zone

Territory of posterior cerebral artery

Territory of middle cerebral artery (cortical branches of M...

Territory of branches from basilar artery

Territory of anterior inferior cerebellar artery (AICA)

Territory of superior cerebellar artery (SCA)

Territory of posterior inferior cerebellar artery (PICA)
